We don't know what's going to be thrown at us, but we can choose to work with our healthcare team to handle it with resiliency and optimism.

I'm **Ola** and I'm going to be a **physician**. I really appreciated how Matt prioritizes creating a relationship with each member of his healthcare team, even if he thinks he's only going to see them once!

Hi I'm **Anmol**, and I'm going to be a **pharmacist**. In Matt's journey, pharmacists played a key role in highlighting important medication changes and counselling him for guidance with new therapies.
